BUTTON PRESS HIGHLIGHTS

Both the Menu button and Quote button are being pressed showing a highlighted state, a subtle blue glow.

MENU

Uses solid menu buttons.

I experimented with additional colors at the bottom, as an example of bringing in additional color. However I think it would look fine sticking with blues and yellows.

SUBMIT

PREVIEW QUOTE

I'm using a drafting paper style backdrop to indicate this is a draft or a preview and not final. Only pressing Submit will make the quote post.
